

Week beginning 4th May	Reading, Topic, ILP learning, Spellings, life skills.	Writing	Maths
Monday	<p>This week you will be learning all about the author <b>Giles Andreae</b>. Listen to one of his most popular stories and answer the questions below in your book.</p> <p><a href="https://www.youtube.com/watch?v=vZjsLK5vwNU">https://www.youtube.com/watch?v=vZjsLK5vwNU</a></p> <p>Who is the main character in the story? How did Gerald feel at the beginning of the story at the Jungle Dance? Why was Gerald different to the other animals? What is the lesson this story is trying to tell us?</p>	<p>Giles Andreae is an author who has written and illustrated many children's books. This week we are going to learn a little more about him. Complete a fact file that include key facts about his life and books.</p> <p>Where was he born? Where did he go to college? What was the first children's book he wrote? How many books has he written? Where does he live? Who does he live with? Have you read any of his books before? If so which ones?</p>	<p><b>Complete these questions in your book – Use a picture and an equation to prove your answer is correct.</b></p> <p>Gerald dances twice a day for a week. How many times during the week does he dance in total?</p> <p>There are 28 animals in the jungle. Gerald gives dance lessons to <math>\frac{1}{2}</math> of the animals. How many animals does he give lessons to altogether?</p>
Tuesday	<p>Listen to the story 'Commotion in the Ocean' by <b>Giles Andreae</b>. Answer the questions below in your book.</p> <p><a href="https://www.youtube.com/watch?v=9pRhgz8Jffs">https://www.youtube.com/watch?v=9pRhgz8Jffs</a></p> <p>What animals are in the story? Which animal is the 'prettiest thing in the sea'? Who likes to chase after small fish? Which animal should you never shake hands with? What does the word bulbous mean?</p>	<p><b>In your book</b> write a description of the shark from Commotion in the Ocean. Remember to use adjectives, suffixes, full stops, capital letters and use your sounds.</p> 	<p><b>Complete these questions in your book – Use a picture and an equation to prove your answer is correct.</b></p> <p>A starfish has 5 legs. How many legs would 8 starfish have altogether?</p> <p>A swordfish has a nose that is 6cm long. It grows another 5cm. How long is his nose now?</p> <p>67 fish + 32 fish =?</p>

<p>Wednesday</p>	<p>Listen to the story 'The Lion who wanted to Love' by <b>Giles Andreae</b>. Answer the questions below in your book.</p> <p><a href="https://www.youtube.com/watch?v=o3hU_aR71M0">https://www.youtube.com/watch?v=o3hU_aR71M0</a></p> <p>What adjectives are used to describe where the lion lives?          Why was his mum worried about him?          What would Leo rather do to the zebra?          What does the word 'crept' mean?          What animal was running alongside the antelope?          What 3 things did Leo do for the baby antelopes?          How did he help the giraffe and vulture?          What tow adjectives are used to describe the river?</p>	<p>In your books write or draw a storyboard to show these events from the story. You will need to put them in the correct order before you can draw! Listen to the story again to remind yourself of the sequence of events.</p> <p>Leo got swept up in the river.</p> <p>Leo saved some young antelope.</p> <p>Leo was told to leave home by his mum.</p> <p>Leo saved a cheetah from the river.</p> <p>A lioness lifted Leo from the river and saved him.</p> <p>Leo went back home.</p>	<p><b>Complete these questions in your book – Use a picture and an equation to prove your answer is correct.</b></p> <p>A zebra has 26 stripes and another zebra has 39 stripes. How many stripes do the zebras have altogether?</p> <p>There are 67 antelope in the herd. 7 walk away and 5 run away. How many antelope are left in the herd?</p> <p>A lion chases 13 animals on Monday, 4 on Tuesday and 11 on Wednesday. How many animals does he chase altogether?</p>
<p>Thursday</p>	<p>Listen to the story 'Rumble in the Jungle' by Giles Andreae. Answer the questions below in your book.</p> <p><a href="https://www.youtube.com/watch?v=jBi2tsD2iUQ">https://www.youtube.com/watch?v=jBi2tsD2iUQ</a></p> <p>Where is the leopard in the jungle?          What do the Chimpanzees do if they can't find nuts to eat?          Who is the zebra's cousin?          What word is used to describe the giraffe?          What does the word ravenous mean?          What does the tiger's growl make you do?</p>	<p>Choose of one of the animals below and write a short description about it. Just like Giles Andreae does in 'Rumble in the Jungle'. Don't forget to use capital letters, exciting vocabulary and full stops.</p> <p>Flamingo          Parrot          Hyena          Sloth          Warthog</p>	<p><b>Complete these questions in your book – Use a picture and an equation to prove your answer is correct.</b></p> <p>A crocodile has 18 fish and he wants to share them among his 2 friends. How many fish will each friend get?</p> <p>One leopard has 19 spots and another has 28 spots. How many spots do they have altogether?</p>

<p>Friday</p>	<p><b>Geography</b>        Most of Giles Andraea's books are set in the jungle. Do some research about jungles in your books.        What countries have jungles?        Which jungle is the biggest?        What is the weather like in a jungle?        What animals live in a jungle?        What plants grow in jungles?</p>	<p>Think about all the Giles Andraea stories you have listened to/read this week. Write a book review about your favourite one. Answer these questions in your book and draw an image of your favourite character from the story.        What is the title of your favourite story?        Why do you like this story?        What characters are in the story?        What interesting vocabulary does the author use in the book?        Where is the story set?        Is this book similar to any other books you have read/heard? If so why?</p>	<p><b>Complete these questions in your book – Use a picture and an equation to prove your answer is correct.</b></p> <p>There are 8 lions in a pride. There are 10 prides in the jungle. How many lions are there altogether?</p> <p><math>\frac{1}{2}</math> of the animals in the jungle are carnivores. There are 48 animals altogether. How many animals are carnivores?</p>
