

Year 4 Easter Activities

Hello from all the Year 4 teachers. Here are some fun activities for you to try over, what would be, the Easter holidays. You don't have to do them all - just pick a few and have a go. We would love to see some pictures. You can send them to the year group email address year4@dale.derby.sch.uk

<p>Make some Easter nest cakes like the ones below</p>  <p>(see attached recipe)</p>	<p>Build a den either in the garden or in the house and invite your family in to hear a story that you enjoy.</p>	<p>Make paper aeroplanes and race them. Whose can go the furthest or highest or whose is the fastest?</p>
<p>Five senses scavenger hunt (see attached sheet).</p>	<p>Try some Yoga! Maybe you could try and get other family members to join in!</p> <p>https://www.cosmickids.com/</p>	<p>Write a story it can be about whatever you like. You could even make your own book like we did as part of our Love to Read sessions!</p>
<p>Do a jigsaw, build a lego model or do some colouring (see attached sheets).</p>	<p>Make a junk model out of things you can find around the house.</p> 	<p>Make an Easter card. It could be for a family member or a neighbour. There are loads of great ideas online but here's some we love!</p>
