This is a great way to relax and something you can do with other people you live with. There are lots of apps available. We used the CALM app at school or you can search YouTube for your favourite books. They also have some of the Julia Donaldson books on BBC iPlayer.

Music

Mr Miller is missing us all too. He has sent us an activity to try at home.

"I hope everybody is ok! Here's some fun music making you can be doing this week at home".

Can you remember the song 'Music Has a Beat'? It was one of the first songs we sang back in September before we had our instruments. There's a little video here of a fun musical activity we can do with this song. You will need two drinking glasses, one empty and the other half full of water. You also need a wooden spoon or a pencil.
