

WB: 04/05/20	REMEMBER - TT Rockstars- do at least 15 minutes each day! Arithmetic/ Maths	Literacy Topic															
Monday Remember your daily exercise and mindfulness! You Tube- Go Noodle - select a Go Noodle activity	Play a ball game! This can be any game involving a ball. You could set up some empty boxes or baskets and give each one a points value. Decide where to stand and throw the ball to land in the boxes and score points. You could challenge each other to reach a certain total, or score a multiple of something like ten.	 War of Words! <table border="1" data-bbox="335 1170 509 1529"> <tr> <td>screeched</td> <td>enclosed</td> <td>fled</td> </tr> <tr> <td>fierce</td> <td>distorted</td> <td>stifling</td> </tr> <tr> <td>desperate</td> <td>groaned</td> <td>torso</td> </tr> <tr> <td>cautiously</td> <td>eager</td> <td>looming</td> </tr> <tr> <td>grasping</td> <td>trembled</td> <td>pounding</td> </tr> </table> <p>Time to recap your new vocabulary and synonyms (words that mean the same):</p> <ul style="list-style-type: none"> Have a look at Mrs Collins' completed definitions and synonyms grid (Find this in- Mrs Collins' Helpful Hints and Resources) Compare it to the grid you completed last week Were there any words that you didn't quite get right and predicted a different meaning or incorrect synonyms? Write an evaluation of how you did and explain which words you found most difficult to understand (an example of what we expect can be found in- Mrs Collins' Hints and resources). Include an explanation of what you thought the word meant and what you now know the word actually means! 	screeched	enclosed	fled	fierce	distorted	stifling	desperate	groaned	torso	cautiously	eager	looming	grasping	trembled	pounding
screeched	enclosed	fled															
fierce	distorted	stifling															
desperate	groaned	torso															
cautiously	eager	looming															
grasping	trembled	pounding															

<p>Tuesday</p> <p>697 × 10 2/5 × 3/7 30 × 40 255 ÷ 5 40 + (32 ÷ 8)</p> <p>Complete Tuesday's reasoning questions in your book.</p> <p>You Tube- Go Noodle - select a Go Noodle activity</p>	<p>How good are you at using your new vocabulary?</p> <p>Time to play the dice game (if you don't have a dice you can get a dice app on your phone or tablet or write the numbers 1 to 6 on 6 pieces of paper and mix them up each time you select a number)</p> <ul style="list-style-type: none"> • Use the dice game grid (In- Mrs Collins' Hints and resources) • Get someone at home to play against and challenge! • Take it in turns rolling the dice (or selecting a number) and then use as many of the War of Words vocabulary and synonyms to verbally put the image you have selected into a story • Repeat this until you decide who is the best at using the new words! • Now select your favourite image and write a narrative – you can do this with the person you have challenged in the dice game as a paired write if you like. <p>NB- start planning and writing- tomorrow you can edit and improve and check your spelling etc</p>

Wednesday	<p><input type="text"/> -100 = 1677 8 - 2.74 15×4.6 2.7×20 $2 \frac{1}{6} - 1 \frac{2}{12}$</p> <p>Complete Wednesday's reasoning questions in your book. (See Hints and Resources to help with this)</p> <ul style="list-style-type: none"> • If you haven't included these, you must add them in! <p>You Tube- Go Noodle - select a Go Noodle activity</p>	<p>Re-read the narrative you wrote either on your own or with a partner yesterday.</p> <ul style="list-style-type: none"> • Now edit and improve to ensure that you have used: <ul style="list-style-type: none"> - All of the War of Words vocabulary/synonyms - Expanded Noun Phrases - Fronted adverbials - Precise verb choices - Personification - Similes <p>(See Hints and Resources to help with this)</p> <ul style="list-style-type: none"> • If you haven't included these, you must add them in! • Now check that all of your sentences are clear and complete- it might help to read your work to someone or ask someone to read it to you • Now check your punctuation- text marking will help with this- where are the 'breaks'-what punctuation do you need? Do you need punctuation or a conjunction? • Now check your spelling!!! <ul style="list-style-type: none"> - Use a dictionary (online or book) - Make sure the War of Words vocabulary is accurately copied! - Check words with -ed endings to show past tense - Check homophones such as 'there', 'their' and 'they're' - Check words with double or single consonant such as 'daddy' and 'baby' <p>(see Hints and Resources)</p> <p>Science: Analyse your two food diaries. Write about the changes that you made/would've liked to have made. What permanent changes will you try to make to your diet to try and make it more balanced in the future? This could be certain things to cut down on (e.g. chocolate/crisps), or things to eat more of (e.g. vegetables and fruit).</p> <p>Now write about what other aspects make a healthy person. What things should and shouldn't a person do in order to keep their body as healthy as possible? (You can do some research on the internet or ask someone in your house to help you with this if you like).</p>
------------------	---	--

<p>Thursday</p> <p>Remember your daily exercise and mindfulness!</p> <p>You Tube- Go Noodle - select a Go Noodle activity</p>	<p>Re-read your edited narrative to check you are happy with it.</p> <ul style="list-style-type: none"> Now write it up in neat Tell us that your story is amazing and how you know! <ul style="list-style-type: none"> Write an evaluation to explain what impact your story has on your reader and pick out 5 examples of how you have created this- use point evidence explanation! <p>Complete Thursday's reasoning questions in your book.</p>	<p>Spanish:</p> <p>Spanish: En mi mochila hay... English: In my schoolbag there is... Use the website https://www.wordreference.com/ to research how to say 10 different items that are/you might find in your schoolbag in Spanish in order to complete the sentence beginning 'En mi mochila hay....'.</p> <p>Art: Lesson 3: create a piece of pattern work using one of the following techniques: Shape toilet/kitchen roll tubes</p>  <p>Dip these tubes in paint and print onto a piece of paper to build up a pattern. Take inspiration from nature (your walk last week) and the artists Gustav Klimt and Henri Matisse.</p> <p>Or</p> <p>Collect nature from your local surroundings and create land art like Richard art to show your own expression of pattern. Make sure you photograph it.</p>	<p>Love to read: lesson 3: (Using previous two weeks text)</p> <p>https://www.theguardian.com/childrens-books-site/ng-interactive/2016/jan/30/extract-firebird-usborne-10-tell-minute-stories-national-storytelling-week</p> <p>Write a poem based on this story. It could be a shape poem (firebird) and use some of the verbs from the last lesson. It could be a narrative poem (tells a story). It could rhyme but doesn't have to. For inspiration, here is a verse I have written;</p> <p><i>A contented king with treasures a plenty, Loved his riches and sons but most of all his garden With a tree that blossomed golden apples, at least twenty. When one day one was stolen (a crime so bold, he could not pardon)</i></p>
<p>Friday</p> <p>Remember your daily exercise and mindfulness!</p> <p>You Tube- Go Noodle - select a Go Noodle activity</p>	<p>15% × 6000 60 × 2.9 1.12 ÷ 1000 $8^2 - 25$ 0.4 × 600</p> <p>Complete Friday's reasoning questions in your book.</p>	<p>15% × 6000 60 × 2.9 1.12 ÷ 1000 $8^2 - 25$ 0.4 × 600</p> <p>Complete Friday's reasoning questions in your book.</p>	<p>• Re-read your finished story • Practise performance reading your story • Performance read your story to an audience at home and ask them to write a response in your workbook- how impressed were they with your performance and the finished story?</p> <p>Friday</p> <p>Remember your daily exercise and mindfulness!</p> <p>You Tube- Go Noodle - select a Go Noodle activity</p>

Monday 4.5.20

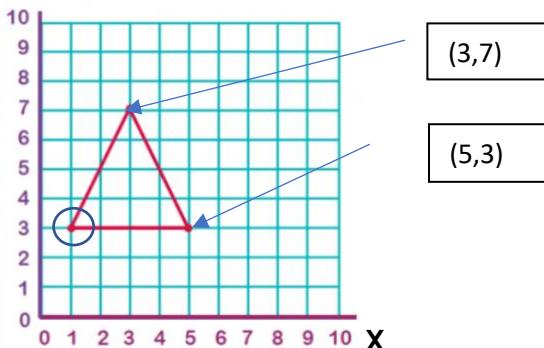

Coordinates

Coordinates are numbers which tell you the position of a point in a particular space (on a map or a graph). They are always written in brackets, with the two numbers separated by a comma. Coordinates are ordered pairs of numbers; the first number shows the point on the **X axis** and the second the point shows the point on the **Y axis**.

Monday 4.5.20

E.g. The coordinates of the left-hand corner of this triangle are (1, 3).

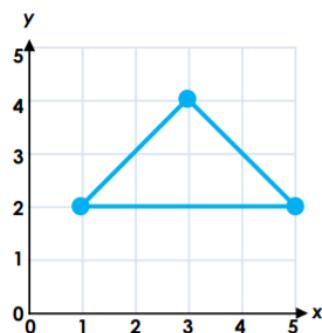

Y

To find a coordinate we can say you go along the corridor (X) then up the stairs (Y).

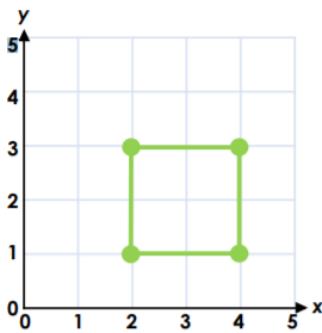

Monday 4.5.20

True or false? The coordinates of the triangle are: (1,2) (3,4) (5,2)

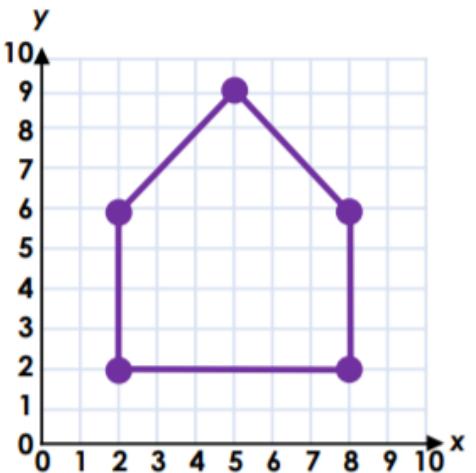

Monday 4.5.20

True or false? The coordinates of the triangle are: (1, 2) (3, 2) (1, 4) (3, 4)

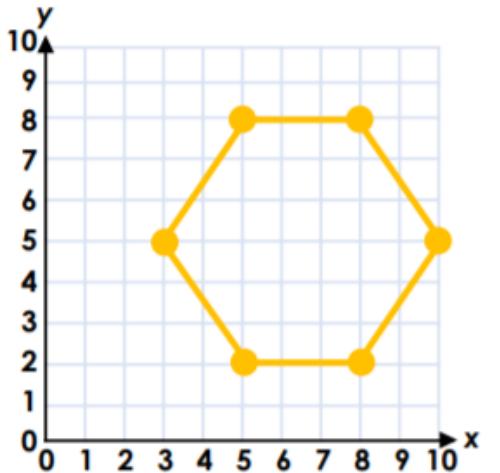

Tuesday 5.5.20

True or false? The coordinates of the pentagon are: (7, 4) (5, 2) (5, 6) (2, 2) (2, 6)

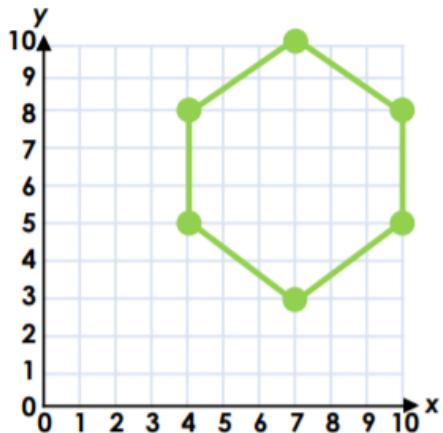

Tuesday 5.5.20

True or false? The coordinates of the hexagon are: (10, 5) (3, 5) (8, 2) (5, 8) (5, 2) (8, 8)

Tuesday 5.5.20

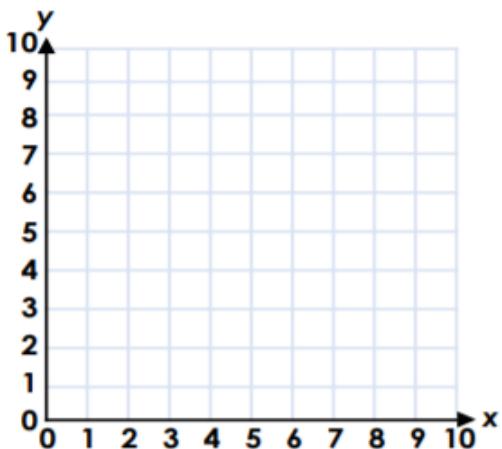

Write the coordinates of the hexagon.

Wednesday 6.5.20

Plot the coordinates and join them to create a pentagon.

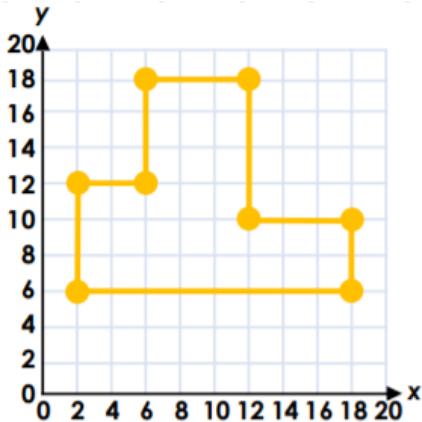

(8, 6) (4, 6) (4, 3) (6, 1) (8, 3)

Wednesday 6.5.20

True or false? The coordinates of the octagon are:

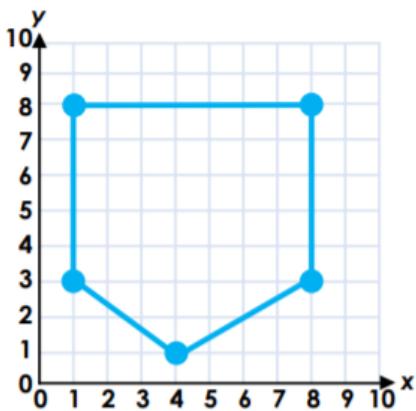

(1, 6) (1, 12) (6, 12) (9, 6)
(12, 10) (12, 18) (9, 10) (6, 9)

Tuesday 5.5.20

Tuesday 5.5.20

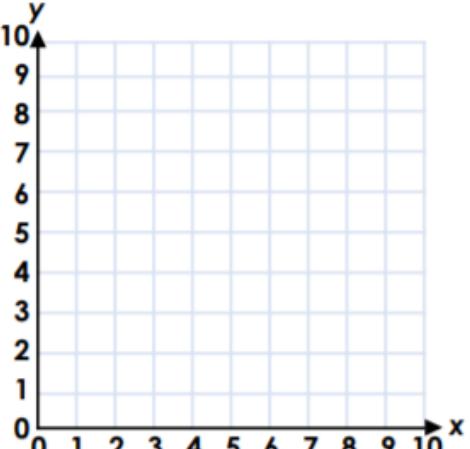

Write the coordinates of the pentagon.

Wednesday 6.5.20

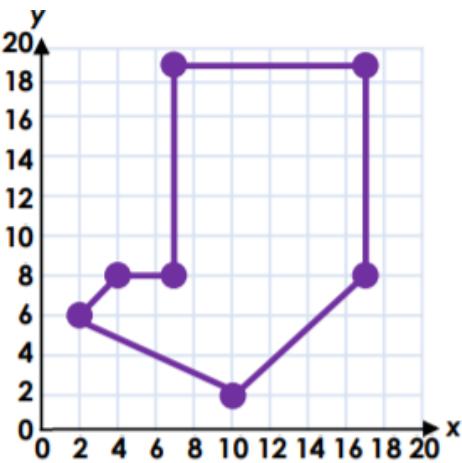

Plot the coordinates and join them to create a hexagon.

(6, 8) (4, 7) (4, 5) (6, 4) (8, 5) (8, 7)

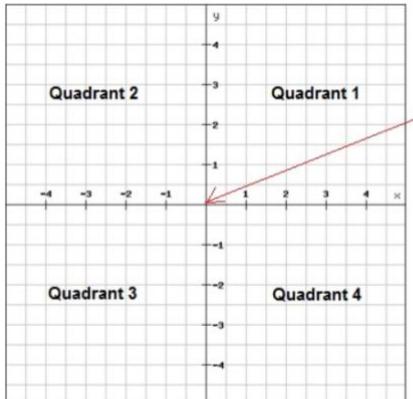

Wednesday 6.5.20

Write the coordinates of the heptagon.

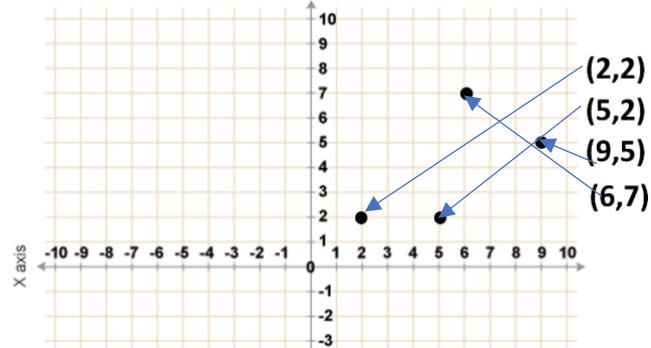

Thursday 7.5.20 - Four quadrants

We have looked at the first quadrant (part) of coordinate. Coordinates can have four quadrants (parts).

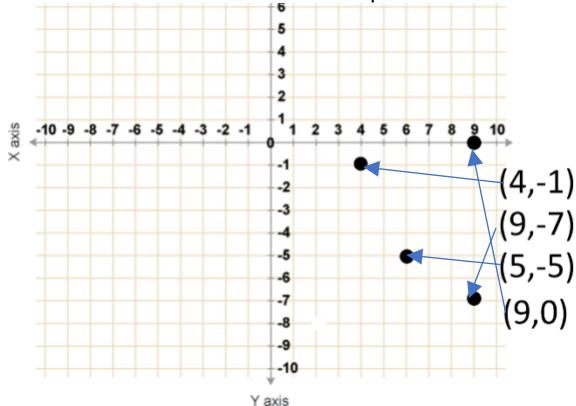

Follow the arrows in the examples to find the coordinate. Look out of the negative numbers!

Coordinates in the first quadrant

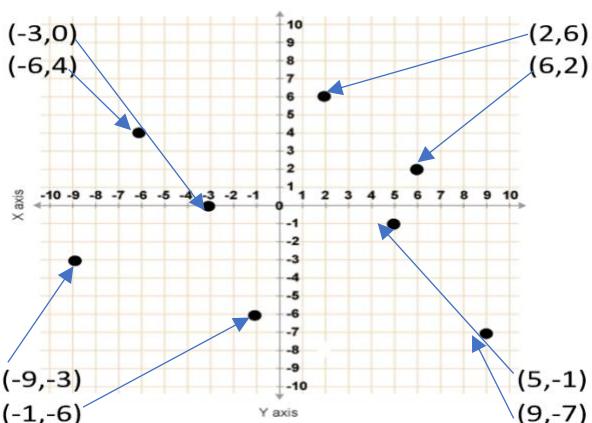

Thursday 7.5.20

Coordinates in the fourth quadrant

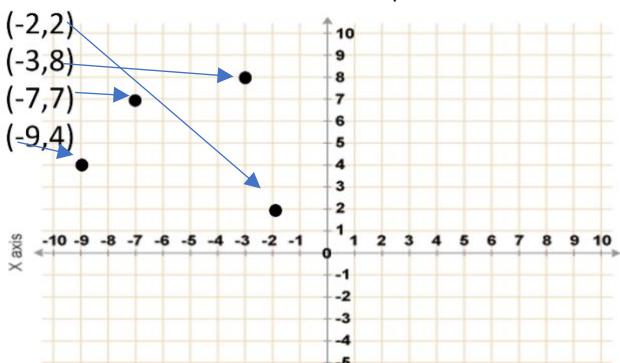

Coordinates in a four quadrants

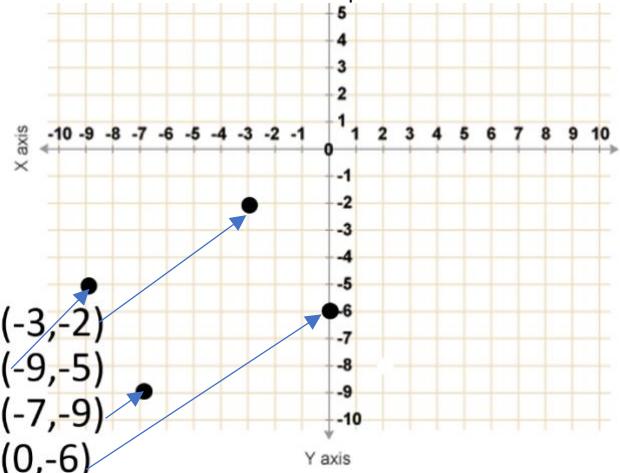

Thursday 7.5.20

Coordinates in the second quadrant

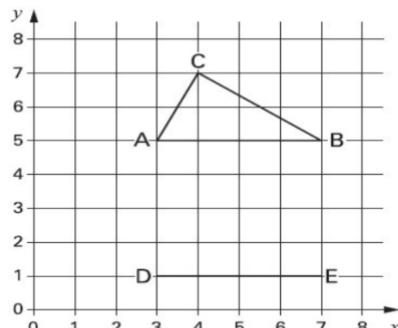

Coordinates in the third quadrant

Thursday 7.5.20

Remember we always go along the corridor then up the stairs!

Kyle has drawn triangle ABC on this grid.

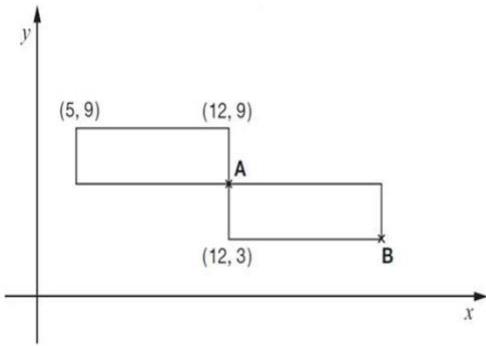

Holly has started to draw an identical triangle DEF.

What will be the coordinates of point F?

(,)
---	---	---

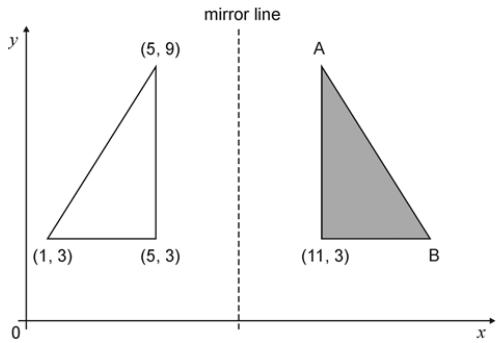

Friday 8.5.20

Write the **coordinates** of point **A** and point **B**.

Friday 8.5.20

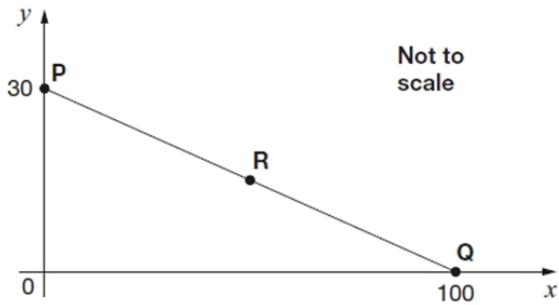

The shaded triangle is a reflection of the white triangle in the mirror line.

Write the **co-ordinates** of point **A** and point **B**.

Friday 8.5.20

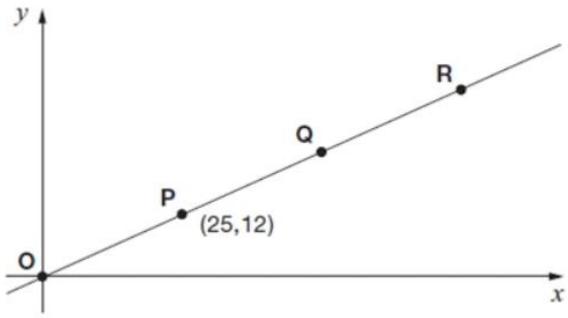

In this diagram **R** is an equal distance from **P** and **Q**.

What are the coordinates of **R**?

Friday 8.5.20

Here is a line on coordinate axes.

Points **O**, **P**, **Q** and **R** are equally spaced.

The coordinates of **P** are (25, 12).

What are the coordinates of **R**?

Remember, you can use your previous learning and any revision books you have, to help you.
